Director of Public Health

Dear Contractors

### **Re Emergency Hormonal Contraception Patient Group Directions and Service Specification 2021-2022**

Please accept my apologies for the late distribution of the new service specification for Bury Pharmacy EHC. We have now included Ulipristal EHC as the first line option (after consideration of a copper IUD). This is recommended by the [Faculty of Sexual & Reproductive Healthcare](#). The new service specification is valid from 11<sup>th</sup> September 2021.

In addition please find attached Bury Council updated Levonorgestrel EHC PGD and new Ulipristal EHC PGD . These PGDs are valid from the 31<sup>st</sup> August 2021 and supersede the previous versions (Levonorgestrel EHC PGD). These PGDs are also only valid within the boundary of Bury Council.

Should you have any queries around the service, specification or PGD's please contact CHL or Bury Council Public Health (as above) in the first instance.

Thank you for your patience in this matter.

**Yours Faithfully**

A handwritten signature in black ink, appearing to read "S Paynter".
