Community Pharmacy Greater Manchester

Substance Misuse Services in Bolton, Bury, Trafford and Salford

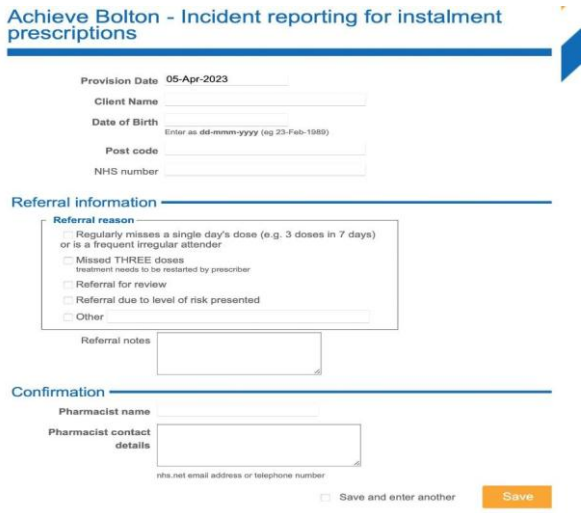
Guidance for Contractors

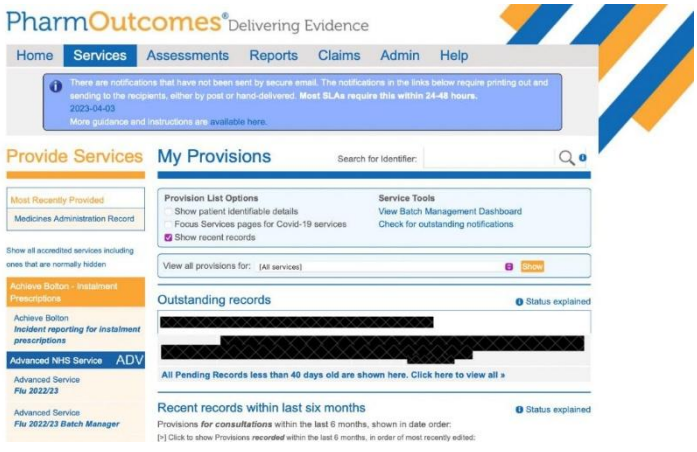
CPGM and CHL have developed a PharmOutcomes module to allow contractors and Pharmacy teams to notify Achieve of patients who have missed 3 or more doses of Opioid substation therapy.

It is important to ensure that the commissioner is notified as soon as 3 doses are missed to ensure patients are followed up promptly and prevent safety incidents and harm to the patient.

Instructions

1. Click on the **Services** tab on the top menu of the page.
2. On the left hand side, Refer to **Achieve Bolton (or Salford, Trafford, Bury) – Instalment prescriptions – Incident reporting for Instalment prescriptions.**





A Copy of the module is below for reference.
