

Unlock Better Patient Care—Get Access to the GM Care Record Today

Dear Pharmacy Team

Did you know your pharmacy can now access the **GM Care Record**? Over 100 community pharmacies in Greater Manchester are already accessing it via PharmOutcomes to enhance patient care, improve medication safety, and support the delivery of national services such as Hypertension Case Finding, Pharmacy First and the Contraception Service.

The GM Care Record's comprehensive health and social care information will also support independent prescribing in the future.

With GM Care Record access, you'll benefit from:

- ✓ **Better patient care** – Make informed prescribing and dispensing decisions.
- ✓ **Improved medication safety** – Spot potential drug interactions and contraindications.
- ✓ **Check blood pressure readings and prescribing** - to support delivery of National Services.
- ✓ **Increased efficiency** – Dispense medications faster, easing pressure on your team and GP practices.
- ✓ **Enhanced patient confidence** – Reassure patients that you have a full picture of their care.
- ✓ **Seamless collaboration** – Strengthen communication with other healthcare professionals.
- ✓ **Secure and confidential access** – Fully compliant with all relevant laws and regulations.

How to Get Access in 3 Simple Steps

Find out how to request access to the GM Care Record AND **book your place on live 30-minute GM Care Record demos** happening throughout May 2025:

Visit www.healthinnovationmanchester.com/pharmacy

How do I get started?
